**DOCKET NO. 2008-155-G** 

In re	)
Petition of South Carolina Electric & Gas Company for an accounting order authorizing the deferment and amortization of expenditures made in connection with its gas water heater rebate program	<ul> <li>) PETITION TO INTERVENE</li> <li>) OF THE ELECTRIC COOPERATIVES</li> <li>) OF SOUTH CAROLINA, INC.</li> <li>)</li> <li>)</li> <li>)</li> </ul>

Pursuant to 26 S.C. Regs. 103-825, The SC Electric Cooperatives of South Carolina, Inc. ("ECSC") respectfully petitions the Public Service Commission of South Carolina ("Commission") for permission to intervene in the Petition of South Carolina Electric & Gas Company for an accounting order authorizing the deferment and amortization of expenditures made in connection with its gas water heater rebate program. In support of this petition, the ECSC would show the following:

- 1. ECSC is a corporation organized and existing under the laws of the State of South Carolina.
  - 2. The authorized representatives of ECSC in this proceeding are as follows:

Mr. Christopher R. Koon
The Electric Cooperatives of South Carolina, Inc.
808 Knox Abbott Drive
Cayce, South Carolina 29033-3311

- 3. SCE&G has filed a petition seeking an accounting order for regulatory accounting purposes authorizing SCE&G to increase the amount of its natural gas water heater rebate incentive offered to developers of new multi-family apartment projects.
- 4. ECSC has an interest in the above-captioned proceeding since many of its members provide electricity in the same areas where SCE&G supplies natural gas. Those ECSC members compete with SCE&G to provide energy to multi-family apartment projects. The increased rebate proposed by SCE&G in its petition is intended to persuade the owners of such projects to choose SCE&G to supply energy for hot water heating instead of the electricity sold by the electric cooperatives which are members of ECSC. ECSC and its members therefore have a direct and substantial interest in this proceeding.
- 5. ECSC's intervention will aid the Commission by assisting in the development of a full and fair record to address the issues raised in this proceeding. SCE&G should not be permitted to recover from its general body of subscribers a rebate that results in improper subsidization of its competition with the members of ECSC. SCE&G should be required to provide a detailed justification of the amount of its proposed rebate.

- 6. ECSC is informed and believes that granting its request to be made a party of record is in the public interest, is consistent with the policies of the Commission in encouraging maximum public participation in the issues before it, and should be allowed so that a full and complete record addressing the views and concerns of the ECSC can be developed. ECSC is aware that there was no notice published in connection with this filing, that SEC&G is not proposing to immediately recover anything from its ratepayers and that the Commission has already voted to approve the petition for an accounting order. Nevertheless, ECSC requests that it be allowed to intervene and that the Commission reconsider its approval of the petition. The requested accounting order is being sought as a preliminary step towards requiring the gas customers of SCE&G to pay for the rebate program. Questions about the propriety of the proposed program should be addressed immediately and allowing reconsideration at this point will not cause any prejudice to SCE&G.
- 7. ECSC estimates the time for its presentation to be approximately two hours and anticipates calling two witnesses.

WHEREFORE, ECSC prays for the following relief:

- A. That this petition to intervene be granted by the Commission, that ECSC be made a formal party of record to the proceeding and that the Commission's vote to approve the petition be reconsidered.
- B. That ECSC be allowed to fully participate in this proceeding and to take such positions as it deems advisable.
- C. That such other and further relief be granted as the Commission deems appropriate.

Dated this \_\_\_\_\_\_ day of May, 2008.
